HOW THIS WORKS

7 Days. 3 Sessions. No Excuses.

This is your starter week. Three full-body sessions spread across 7 days. Each one takes about 35 minutes. All you need is a pair of dumbbells and somewhere to train.

Show up 3 times this week. Track your weights. Follow the rest times. That's the whole system. If you can do this for 7 days — you can do it for 30, 60, or 90.

01

Equipment

Dumbbells + a bench (or floor). A resistance band is a bonus. That's it.

02

Schedule

Train Day 1, rest Day 2, train Day 3, rest Day 4, train Day 5, rest Days 6–7.

03

Warm-Up

5 minutes: band pull-aparts, bodyweight squats, hip circles. Every session.

04

Track It

Write down every weight and every rep. This is how you prove progress to yourself.

Day By Day. No Guessing.

Day 1 — Push & Squat

~35 min

EXERCISE	SETS × REPS	TEMPO	REST
Goblet Squat	3 × 10	Controlled	90s
Dumbbell Bench Press	3 × 10	2-0-1	90s
Standing DB Shoulder Press	3 × 10	Controlled	60s
DB Lateral Raise	2 × 12	Slow	60s
Plank Hold	3 × 30s	—	45s

First session. Focus on form, not weight. Pause 1 sec at the bottom of every squat. Own the movement before you load it.

DAY 2 — Active Recovery

20-minute walk. Stretch for 10 minutes. Drink 3+ litres of water. Go to bed 30 minutes earlier than usual.

Day 3 — Pull & Hinge

~35 min

EXERCISE	SETS × REPS	TEMPO	REST
Romanian Deadlift (DB)	3 × 10	3-1-1	90s
Single Arm DB Row	3 × 10/side	Controlled	60s
Lat Pulldown or Band Pulldown	3 × 12	2-0-1	60s
Face Pulls (Band or Cable)	3 × 15	Squeeze	45s
Dead Bug	3 × 8/side	Slow	45s

On RDLs, push your hips back like closing a car door behind you. Feel the hamstrings load. Squeeze your back at the top of every row.

DAY 4 — Active Recovery

Same protocol: walk, stretch, hydrate, sleep. Recovery is not optional — it's where the results happen.

Day 5 — Full Body + Conditioning

~35 min

EXERCISE	SETS × REPS	TEMPO	REST
Walking Lunges (DB)	3 × 10/leg	Controlled	90s
Push-Ups	3 × max (stop 2 shy)	2-0-1	60s
DB Curl to Press	3 × 10	Controlled	60s
Farmer's Walk	3 × 40m	—	60s
Finisher: BW Circuit	3 rounds	—	60s

Finisher: 10 squats + 10 push-ups + 10 mountain climbers. Fast but clean. 3 rounds. This is your graduation session for the week.

DAYS 6 & 7 — Full Rest / Family Time

Take the weekend off from training. Move your body naturally — play with your kids, go for a walk, do something fun. You earned it. Reflect on your 3 sessions and prepare for what's next.
